

Welcome to AIMS South Africa!

Computing Facilities Information

Login details

Username/password: guest/guest
AIMS desktops run a customized Debian GNU/Linux.
Files are local to each desktop.
Please use your private or home institution's webmail.

Visiting devices (campus only, not accommodation)

Connect to the wifi network "AIMS" and fill in the form at regme.aims.ac.za, with group: workshop and password: #Infected2018. Once submitted it is forwarded to IT for approval.

Printing

Printing facilities are primarily intended for workshop co-ordinators. Please conserve trees.

Acceptable Use Policy

By using the AIMS network you automatically agree to the Acceptable Use Policies of our Internet Service Provider, the Tertiary Education Network, as well as South African law. You can read those policies here:

www.tenet.ac.za/doc/aup-3-2.pdf/view
www.internet.org.za/ect_act.html

Use of this network is always monitored on an aggregate basis, and when incidents need to be responded to we may look at individual usage histories in detail.

Assistance

IT staff are at help@aims.ac.za Office 110.

If you would like AIMS-Desktop installed on your personal laptop (usually next to Windows), please come and see us.
